

PRESIDENT IS URGING ACTION WANTS THE PEACE TREATY WITH SPAIN RATIFIED.

Regards It As Imperative and Will Call a Special Session of Congress. If Need Be—Conditions In Cuba Improving—Gen. Otis Reports On Philippines.

Washington, Jan. 25.—[Special]—The president does not disguise his impatience at the delay of the senate in acting upon the peace treaty, and unless that body changes its tactics speedily he will feel compelled to act upon his own responsibility as to the occupation of the Philippines. There is excellent reason to believe that unless that body shall shortly ratify the treaty instructions will be sent to Admiral Dewey and General Otis either to withdraw Miller's expedition or assert the supremacy of the United States—peaceably if possible, forcibly if necessary. In all probability the latter course will be decided upon, as the president is known to be wedded to the idea of extending the domain of the United States in Asiatic waters in order that our large and increasing trade with China and Japan may have needed bases of supplies and adequate naval protection in case of emergencies likely to arise.

It is said here that there are three factors in the Philippine situation which are forcing the administration to action—first, Aguinaldo's hostile attitude; and the constant growth of his army; second, the danger of smallpox on board the transports, which are the prisons of Miller's expedition to Iloilo; third, danger of the recognition of the Philippine republic by foreign governments, especially Germany and Spain. Any one of these would be sufficient to prompt immediate action, but the presence of all three dangers should render such action imperative. That the situation is critical cannot be disguised, and the delay of the senate under the circumstances is looked upon by supporters of the administration policy as little short of criminal.

AN EXTRA SESSION CERTAIN

Peace Treaty Cannot be Ratified by the Present Congress

Washington, Jan. 25.—[Special]—As stated in these dispatches several days ago the president has come to the conclusion that it will be necessary to convene the fifty-sixth congress in extra session soon after March 4, and he is therefore unwilling to make any concessions to the opponents of expansion. He does not take kindly to the suggestion looking to a temporary increase of the army. He maintains that the changed conditions resulting from the acquisition of Porto Rico and the Philippines will require a permanent military force of 100,000 troops. He is also much interested in the passage of the bill for the government of Hawaii. The supporters of this measure in congress say it can hardly go through this session and they fear its failure will cause serious complications in the islands which are now a part of the United States.

TENSION IS GREAT

President Fears More Trouble In Philippines if Ratification is Delayed

Washington, Jan. 25.—[Special]—The president is satisfied a collision between the Americans and Philippines can only be averted by the immediate ratification of the treaty, and with this in view he had consultations with sixteen senators this morning. Gen. Otis' latest dispatches show the urgent necessity for the ratification. He does not believe the natives will precipitate a general attack, but does not conceal the fact that individual Philippines are growing more threatening every day, and will stop at nothing in their efforts to provoke the American outposts to commit the first actual breach of the peace. The tension is now declared to be dangerously near the snapping point.

England or the United States May Buy Spanish Possessions, Not Japan

Madrid, Jan. 25.—[Special]—It is understood that the government will ask the Cortes next month for authority to sell the Carolines and Ladrones to the United States or Great Britain. Japan is not to be allowed to acquire any of the territory.

ROCK RIVER VALLEY PRODUCING GOLD

TRACES OF PRECIOUS METAL NEAR ROCKTON.

Alluvial Deposit of Iron Clay Declared to Bear Appreciable Quantities of Gold—Samples Are Now Undergoing Analysis—Farmers Are Excited and Are Deeply Interested.

Can it be that we live in a country where that precious metal, gold, exists? Present indications are that Rock River in its daily progress south is carrying with it traces of this much sought for prize.

At Rockton, Ill., yesterday, C. E. Cooper drilled a well for water on the farm of Mrs. Will Smith. He has now, at a depth of 180 feet, struck an alluvial deposit of iron clay that contains gold in considerable quantities. This deposit is in the drift of Rock River valley, and doubtless covers a large area. Samples of the material are in the hands of a Rockford chemist, who will be able to determine shortly its richness in gold.

Parties arriving in this city this morning from Rockton said farmers near the Smith farm are much excited over the find, and are awaiting with interest the chemical analysis. The Smith farm is near Rockton, and near Rock river.

DELLENBAUGH TO BE TRIED.

Cleveland Judge Must Answer to the Disbarment Proceedings.

Cleveland, O., Jan. 24.—The circuit court overruled the demurrer to the disbarment charges against Judge F. E. Dellenbaugh.

In answer to the points raised by the defense the court held that it had jurisdiction in the case and that the charges were sufficient, if proved, to justify Judge Dellenbaugh's disbarment.

After the decision was given, Judge Jagersoll, representing Judge Dellenbaugh, asked that the Dellenbaughs and Burke cases be separated so that his client might be given a separate trial. Judge Jagersoll stated that he would file an answer to the charges against Judge Dellenbaugh some time this week.

Loaded with Jewelry.

New York, Jan. 24.—A man who described himself as James M. Schaeffer and said he was a steamship passenger agent for all the continental lines, with headquarters in Cleveland, was arrested at Hoboken last evening on suspicion of smuggling, as he was leaving the steamer Staatendam, on which vessel he had come from Rotterdam. In a belt around Schaeffer's waist were found diamond rings, lockets, stick pins and other articles of jewelry. Five pairs of women's kid gloves were also in the belt. He was held in \$1,000 bonds for examination before the United States commissioner at Jersey City.

Ejected from a Ballroom.

Mason City, Ia., Jan. 25.—The Traveling Men's Protective association gave a social function here last Friday. Several society girls who wished to attend were either refused admittance or were ejected from the room. The girls considered that this was a reflection on their character, and their friends have made such a row that the waiters at one of the prominent hotels refused to wait on members of the Traveling Men's Protective association. The waiters have been dismissed.

SOLONS ARE STILL SHORT A SENATOR

LEGISLATURE CANNOT AGREE UPON THEIR MAN.

Ballot Taken Today Shows No Change From the Original Alignment—Caucus Fails to Make a Nomination—A Number of Bills of General Interest.

Madison, Wis., Jan. 25.—[Special]—The business of the legislature this morning, with the exception of the vote for senator, was limited to the introduction of three bills and a resolution in the senate. The joint resolution offered by Mr. McGillivray provides for an amendment to the constitution so as to permit the state to aid counties in the construction of good roads.

A bill was introduced by Senator Welton, which provides for the publication of the addresses and papers at the official semi-centennial celebration.

A bill by Senator McGillivray provides for the examination and regulation of the sale of patent medicines, the formula of which must be submitted to the state board of health, which may prohibit the sale.

A message was received from the governor reporting the pardons for the two past years—twenty-one from the prison; two commutations of sentence; nineteen pardons from jails, houses of correction and industrial schools; eighteen restored to citizenship. Both houses took a recess till noon to vote for senator.

Both houses of the legislature met in joint convention at noon and balloted for United States senator. There was no change from yesterday's vote, only one ballot being taken, resulting: Quarles, 41; Stephenson, 26; Babcock, 16; Cook, 17; Webb, 10; Ryan, democrat, 19. There were four absentees, Holcombe, a Quarles man, Bissel, for Babcock, and Oshin and Lange, democrats.

The legislative republican caucus met this afternoon at 2:30. Reports of a break proved without foundation, the first two ballots showing no change from yesterday.

The seventy-fifth ballot was taken, with no change, and the caucus adjourned till 2:30 tomorrow.

Cary, first bass; Elmer E. Van Pool, second tenor; Edwin A. Folley, first tenor, all of whom are members of the church, except the latter, he being a member of the Rock Prairie church. They are especially fortunate in securing the services of Mr. Folley as first tenor, as he has had a great deal of experience of this kind while engaged in Y. M. C. A. work in the east. He has an excellent tenor voice, and one that shows a great deal of culture.

GENERAL EAGAN IS ARRAIGNED

COURT MARTIAL MEETS AT WASHINGTON TODAY.

Commissionary General Pleads Not Guilty to the Charges of Unbecomingly Conduct, and His Counsel Speaks In His Behalf—Accused Was Distracted By False Charges.

Washington, Jan. 25.—[Special]—The Eagan court martial began this session in the Ebbitt House this morning. All the members were present. Judge Advocate Davis read the order, calling the court by the secretary of war. Gen. Eagan is represented by Judge Worthington, of Washington. The accused was attired in full regiments.

Gen. Eagan pleaded not guilty to both charges of conduct unbecoming an officer and a gentleman, and conduct prejudicial to good order and military discipline, admitting, however, the truth in part of some of the language attributed to him. His counsel, in addressing the court, said Eagan demanded of Alger that charges be preferred against Gen. Miles that Egan might be enabled to prove his innocence of corruption in the beef contract, but was told such a step could not be taken. This angered Eagan, who, counsel said, was nearly distracted when he took the stand.

Maj. Mills, secretary of the war investigation committee, was the first witness. He testified that Eagan was in tensely excited when giving his testimony. Gen. McCook, a member of the commission, testified to what Eagan said before the board.

WORK FOR WOMEN'S CLUBS

Jane Addams Shows What Can Be Done in Philanthropic Fields.

The fourth entertainment in the People's Lecture Course was given last evening at the Congregational church, when Miss Jane Addams, of Chicago, appeared for the purpose of detailing the salient features of the work in which she is engaged. Her object was to interest the fortunate people of the earth in the welfare of the unfortunate. She gave a brief history of many settlements that had been founded with this object in view, naming several in England where the movement started. Many settlements similar to these have been founded in America, many of them by the Woman's College association. This association strives to interest college girls in the poor classes and to induce them to make their homes in the poor districts of the cities. Hull House is one of these association settlements and was founded by Miss Addams and a girl friend in the fall of 1889. The institution has proved a success in every respect, and is doing a great work for the poorer classes of Chicago.

LUPKE HAS HIS TROUBLES

Alleges That Some One Robbed Him of Valuable Harness.

Anton Lupke, a well known farmer in the town of Rock, swore out a search warrant in the municipal court yesterday claiming that he had a double harness stolen from his barn. He suspected one of his neighbors.

Deputy Wallace Cochrane, armed with the search warrant, went out in the town of Rock this morning and searched high and low through a certain barn on a certain place. He even spent an hour digging up an ancient rubbish pile in hopes that he would find the harness buried. But he didn't.

Deputy Cochrane returned empty handed, and now it looks as though Mr. Lupke would have to guess again. He also alleges that some one stole tobacco, and live ducks from his farm.

PLEADED GUILTY AND THEN HELD

ANOTHER PECULIAR CASE OF JUSTICE.

Frank Stark, Who Has Been In the Rock County Jail the Past Week, the Defendant—Attorney McGowan Appeared For the State—Justice Philips Presided.

Frank Stark, a farmer residing near Evansville, has been in the Rock county jail during the past few days on the charge of assault.

According to Stark and several others it appears that when he was first arraigned at Evansville he expressed the desire to plead guilty to the information charging him with assault. Under such circumstances it has been the custom for years past for the court to then and there pass sentence. But not so in the Stark case.

The defendant was held and committed to jail in default of bail, and yesterday was taken to the Cut Off City and placed on trial before Justice Philips.

A telephone message yesterday morning to District Attorney Jackson, notified him that he had better come up and handle the case, but having other important state court matters he was unable to do so. When the case was called Attorney E. D. McGowan, of this city, appeared in behalf of the state.

According to the evidence Mr. Stark and several gentlemen friends drove into Evansville in a lumber wagon on last Wednesday. They spent the greater portion of the day there, and returned home in the afternoon. It is alleged that Stark was driving the team, and that he was intoxicated.

It is further alleged that he ran the team at breakneck speed, and that in trying to pass a buggy in which was seated a Mrs. McCoy and her infant child, a collision took place. Mrs. McCoy and child were thrown out, badly bruised, and barely escaped death.

Just where Stark and his companions secured the liquor is what the Evansville officers would like to find out, for it was quite evident they secured it in the "temperance town." It is said that is why Stark was held for trial after he had expressed a desire to plead guilty.

REFUSED LARGE ICE ORDER

The Milwaukee Road Wanted One Hundred Car Loads

The People's Ice company, of this city, had to refuse an order for ice that would involve the cutting of one hundred cars full, and which would have given work to a large force of men. The order came from the Chicago, Milwaukee & St. Paul railroad at a time when the local company were busy harvesting for their own use. For this reason they had to refuse the order.

The Milwaukee road wanted the ice for shipment to different points along the road where ice has been scarce. The crop housed here this month is one of the finest ever cut owing to the small amount of snow that covered its surface.

TOBACCO IS MOVING MORE FREELY NOW

GROWERS ARE BRINGING THEIR LEAF TO MARKET.

Prices Are Not Altogether Satisfactory, But the Trading Is Quite Active—Some Large Shipments Have Been Made During the Past Week Or Two.

Edgerton, Wis., Jan. 25.—The tobacco crop is now being marketed with a good deal of activity. Buyers are thoroughly scouring the growing districts and where anything like desirable goods are to be found they are quickly snapped up at the farmers' price. The present crop is bringing considerable more than for the past two seasons and prices continually advancing, since the buying opened. Seven cents seems to be a common figure that is paid now for choice selections. Probably more than two-thirds of the crop has been sold to date and the eagerness to add to their holdings by dealers leads to the prediction that the crop will soon be lifted. The tobacco towns are the liveliest places in the state now that the warehouses have begun to handle the crop. Close to 800 hands now find employment in Edgerton and the amount of money distributed weekly is an important factor in the business of the town. Some old leaf is moving, the most important sale of the week being 1,000 cases to the American Tobacco company. The shipments out of storage reach 1,000 cases for the week to all points. About 600 cases of cigar leaf were sold to export from New York last week. Mr. Gus Bunzl and Signor Rosenwald are the latest arrivals of New York dealers in the markets of the state.

They fled in disorder, the government troops in hot pursuit. Four hundred of the rebels were taken prisoners. The total losses in the battle were 400 killed and 300 wounded.

WISCONSIN SWAMP LANDS

Little Prospect That the Measure Concerning Them Will Pass Congress

At Washington on Tuesday the house Committee on Public Lands authorized Mr. Barney, who is a member of the committee, to make a favorable report on the Wisconsin Swamp Land bill, which has passed the senate. Mr. Barney at once filed the report and the measure has gone upon the calendar. There would be no hope of getting the bill up in its order as there are so many measures ahead of it, and it is doubtful if unanimous consent would be given for its consideration, as there are objections on the part of some states to having the swamp lands matters of individual states adjusted without demanding that all the states be treated alike. Several western cities, in which public lands have been exhausted, are now asking cash indemnities for swamp lands which they assert have been lost to them.

Mr. Barney will try to get the bill before the house on suspension day, but on that day it will require a two-thirds vote to get it through.

Farragut's Prophecy.

Rear-Admiral Dewey as a young officer, impressed one as a self-contained man with powerful native force, writes a contributor to Harper's Bazar. I often think of the remark made by Admiral Goldsborough to Farragut on the occasion of the visit of the latter to our ship.

The two admirals were standing within a few feet of my table, and Dewey had stepped back to give an order to the orderly.

"Farragut," said Goldsborough, "Dewey will make his mark in the world if he ever gets an opportunity." "Ay," answered Farragut, with the pleasant smile so becoming to his homely face, "and he will make the opportunity."

And Farragut was a true prophet.

OUR MAYOR'S ADDRESS

At the recent convention, held at Milwaukee, Mayor John Thorpe spoke as follows:

Mr. Chairman and Gentlemen: If I speak from practical experience of the functions of a Mayor and Common Council, it must be as they exist in Janesville, the city of which I have the honor to be mayor and which is an inland city, with a population of from 12,000 to 14,000, largely engaged in various lines of manufacture, and with the usual number of business and professional men among its population. We have never owned water works, gas or electric light plants, telephone or street cars, but have granted franchises for all these to private companies, so that, as a city, we have had nothing to do with their management, and have been free from the problems involved in city ownership. We have had fully the usual amount of trouble with our streets and sidewalks, and our full share of litigation arising from damage suits over alleged defects in same, in which suits the city has been badly mulcted to the intense disgust of the taxpayers, whose complaints have been loud and frequent, but they have not yet fully decided where the responsibility for the existing state of affairs should be placed. Sometimes the aldermen are blamed and sometimes the mayor or street commissioner. Our city is organized under a special charter enacted over thirty years ago in which the duties of mayor are defined to be: To preside over the meetings of the common council; to give from time to time to the council such information and recommendations as he may deem advantageous to the city; to be the chief executive officer and the head of the police force of the city; to take care that the laws of the state and the ordinances of the city are duly enforced, observed and respected; to take care that all other executive officers of the city discharge their respective duties. And he is also required before he enters upon the duties of his office, in addition to the usual oath, to swear that he will devote as much of his time to the duties of his office as an efficient and faithful discharge thereof may require. He is also, by the terms of the charter, a member of the common council. Although the treasurer, clerk, city attorney, as well as street commissioner and other city officers are elected by the people, still it is made the duty of the mayor to see that they properly perform the duties of their respective offices; and although the mayor is, by the charter, the head of the police force, still appointments as well as removals are made by the commission created by the last legislature. By the same act, appointments and removals in the fire department are given to the same commission.

The common council is composed of the mayor and two aldermen from each ward. Its duties as defined by the charter are: To have the care, management and control of the property of the city and its finance; also the power to make, enact, ordain, establish and enforce such ordinances as it shall deem expedient for the good government of the city; the preservation of peace and good order, the suppression of vice and immorality, the benefit of trade and commerce, and the health and safety of the inhabitants thereof. It is also particularly authorized to enact ordinances for forty-three different specific purposes, covering police, trade and health regulations, and providing for the care of parks, etc. It also has the power to levy and collect taxes not exceeding certain specified amounts for maintaining schools, repairing and maintaining bridges and streets, and lighting the streets, maintaining the police and fire departments, and for other necessary expenses. It also has full control and power over and management of all streets, alleys and public grounds, and to cause such streets, highways or alleys to be worked, graded, macadamized or paved, and determine the kind of pavement that shall be used; also to appoint two assessors to assess the property of said city, according to law.

The mayor and common council serve without pay; other city officers are paid. We have engrained into this special charter some portions of the general charter law, but nothing that changes the provisions regulating the duties of mayor or common council. Thus you will see by the very terms of our charter the duties of the mayor and council overlap each other, the legislative and administrative branches of the city government being freely intermingled. Thus while the mayor is charged with the duty of seeing that the street commissioner properly performs the duties of his office, the commissioner is elected by the people, the council fixes his salary, determines what streets shall be worked, the kind and extent of that work and by its committee virtually takes full and complete charge of the work. Practically the same condition of affairs exists in other departments. So that in fact, the mayor is, by public opinion, held accountable for the performance of duties in relation to which his hands are effectually tied.

So much always depends upon the individual that one will make a glowing success under the same system that brings utter failure to another. But my experience in city affairs both as an alderman and as mayor, has led me to the belief that if the duties of the mayor were more clearly defined and so enlarged that he would have full and exclusive control of those administrative matters for which he is held responsible, and that seem to properly belong to the chief executive of a city, the city's service would be greatly benefited thereby. This would necessarily involve limiting the power of the common council strictly to determining the policy and legislation of the city, to strictly legislative functions. It might also involve giving the mayor the power to appoint and remove certain officers, as street commissioner, city attorney, chief of police, etc., but I believe that in practice this would be found beneficial, for while the mayor would have the power he would have the responsibility, and I think experience has shown that these must be united in order to secure the greatest efficiency. Where responsibility cannot be shirked, a prompt and full performance of duty is the rule.

Our people are giving more attention to municipal problems of late. They have already discovered that city government is very largely a purely business matter. The "malignant influence of partisan politics" has not wholly disappeared from city affairs, yet its blighting influence is growing, perceptibly less. Apparently it has at last dawned upon the municipal voters that the qualifications of a city officer are not at all affected by his peculiar views upon some theory of national politics, but wholly by his character and competency for the particular branch of municipal service which he is to undertake.

If we are to have experts in city administration, the term of office should be lengthened. The term of most of our city officers is only two years; that of the street commissioner only one, hardly more than long enough to get them fully acquainted with the routine duties of their office. I believe a lengthening of the term of office would be beneficial in many ways. Voters will naturally exercise more care in the selection of officers who are to hold for a longer term, and experience is certainly of great value to a faithful official.

One difficulty, as it seems to me, with a general charter law is to adapt it to the needs of cities in widely varying circumstances. What is needed and suitable for a large city like Milwaukee, for instance, with its large maritime interests and many other things peculiar only to large cities, might be and often would be wholly unsuited to a small inland city. And a classification according to population only, I think, is hardly sufficient, and again, whatever plan is decided upon or adopted should be given trial for a sufficient length of time to find out what are its merits or defects. Too frequent changes keep city officials studying to find out what are the limits of their sphere of duty, and when they have familiarized themselves with it, a change is made and they must again go over the same ground. And changes are too frequently made by parties, who have given but very little study or attention to the needs of municipal government. Conventions like this will at least tend to familiarize city officials with what has been done and is contemplated for the future.

By bringing the matter of better municipal government before the people in time we shall secure what we have long needed, a distinct understanding of the place of the common council and the different officers in municipal government, and what limits, and qualifications must be prescribed to obtain the desired results.

INCOMINGS AND OUTGOINGS OF ROCK COUNTY PEOPLE.

Jossip of a Personal and Business Character Gleaned By Gazette Reporters in the Garden Spot of Wisconsin - Religious and Social Notes.

In view of the fact that the Bachelors' club of Rock Prairie has been in existence five years, the members deemed it necessary to celebrate aforesaid event. Accordingly on last Monday evening the bachelors held an open meeting at their club rooms. Roll call showed a present membership of twenty eight. The rooms were filled to their utmost, and at 7:30 the guests listened to a well prepared literary program which was carried out as follows:

Address of Welcome.....
By the Rotating President, William Brown
Violin Solo..... George Henko
Recitation..... Charles Henko
Month-organ Solo..... A. J. Barless
Experience in Dohornig Cattle.....
John and Bert Clark
Accordian Solo..... James Hay
Recitation..... George McLay
Tenor Solo..... John Clark

After the program, two new members, James Guernsey and Arch Hadden were initiated, no one witnessing the scene but those who had passed the ordeal satisfactorily before. Officers elected for the year were: President, James Boston; vice president, Will Clark; treasurer and secretary, J. P. Young; clause; toastmaster, Frank Clark; R. P. Jotter, John Clark; business manager, George McLay; advisory board, William Brown, William Butler; later in the evening all present partook of a sumptuous repast, which was very kindly donated and served by the ladies of the O. M. C. By this generous act the ladies rose high in the esteem of the R. P. B. C. The newly elected toastmaster now appeared upon the scene and called for the following toasts: "Bachelors' Clubs in Other Communities," J. C. Young; "Is Marriage a Failure," Will Henke; "The Future of the Violinist," George Clark; "The Advantages of Janesville as a Grain Market," Will Brown; "Memories of Scotland," James Hay; "The Past of the Bachelor's Club," Wm. Butler; "Its Prospects for the Future," J. P. Young; clause; "Holstein vs. the Shorthorn," James Repton. After the singing of that old familiar song, "When Shall We Meet Again," the meeting ended, each person carrying with them many pleasant remembrances of the evening. A number from the Prairie attended the Farmers' institute at Milton Junction last week. Will J. Clark delivered some fine looking Steers to C. H. Stoller at \$4.25 last Monday. Sadie Hadden, who has been suffering from a severe attack of the grip, is now improving. Preparations are being made in the singing school for the concert to be held at an early date. Remember the basket social at the home of Mrs. Youngclaus next Friday evening.

Clinton.

Clinton, Jan. 24.—The electric light plant shut down last week for repairs and as no contract has been made with the village board, it is the opinion that the city will be in darkness for some time to come. Mrs. S. Jones and Mrs. Libbie Jones, at J. C. Barker's, are among those who are seriously ill with the grip. A. H. Hollister was down from Madison, Friday. A. B. Winegar was here Thursday. Will Harden was called home Thursday by telegraph on account of the critical condition of his mother. Postmaster Mayhew and wife have been ailing some lately. Miss Mattie Watts has been assisting in caring for Mrs. Hardon the past week. Emma Hollenbeck is another happy girl on account of a new piano just received. The United Workers will hold an important business meeting Wednesday at 8 p. m. in the church chapel. The advance in the market price of fat cattle has caused a local demand for feeders again. The remains of Rev. Mrs. Palmer arrived by train and were interred here Saturday. Deceased was formerly Mrs. Townsend and lived here for several years. The announcement has been received here of the marriage of Charles K. Stewart to Miss Alice Bourne, of Amboy, Ill., on Feb. 1. The groom-to-be is well known here and the eldest son of Mr. and Mrs. William Stewart. For a number of years he has made Chicago his home where he has a responsible and lucrative position with the hardware firm of Orr, Lockett & Co. Charles's many friends here extend hearty congratulations. Without any doubt there are 100 cases of grip in Clinton and vicinity. L. L. Olds has been busy the past week in mailing his mammoth issue of potato catalogues. He has nearly 20,000 addresses on his books. His reputation as a seedsman has long been established and he has customers in nearly every state in the Union. Dan Shimeal, of Chicago, was here last week for a short time. Mr. Shimeal holds the position of superintendent at Lincoln park. At last Clinton is to have telephone connection with the outside world. The prospects look encouraging.

aging, for the present, at least. It is said that eight prominent citizens have agreed to take shares in a stock company to be formed and for which a Janesville man has been soliciting the past week. The names secured are: C. P. Drake, A. Woodard, H. A. Moehlenpach, W. A. Mayhew, R. W. Cheever, O. L. Woodward, C. E. Tuttle and Geo. Wilcox. The share are \$100 each.

Six Corners. Jan. 24.—The ladies of the Harmony W. C. T. U. will give a social at the home of E. A. Wilcox on Wednesday evening, Jan. 25. A good supper will be furnished for only 10 cents each. E. L. Bingham shipped a car of 70 hogs of his own feeding to Chicago on Friday night that averaged 280 pounds each. They sold at a top price. Mrs. Edward Spence and Mrs. Rohloff of Concord, Wis., visited at Mr. and Mrs. Alfred Yates' on Sunday. Mrs. Minta McComb, of Lima, is at the old home for a few days. Mrs. Louis Wolfram is threatened with pneumonia as a result of the grip, and is seriously ill. Dexter Gray delivered forty heavy porkers in Milton Junction at \$3.50 per cwt. on Monday. School children are beginning to fill the school house again after a forced vacation with grip. Jesse Howard is obliged to stay home from college and help on the farm as his father is not able to spare him.

Porter. Jan. 24.—Mr. and Mrs. P. Riley have another daughter at their home. John Tierman left for his home in New Hampton, Iowa, last week, after a month's visit here. R. Earle has purchased D. Casey's Jr. farm for \$66.25 per acre. Mrs. S. Watson, of Janesville, spent a few days last week with her parents, Frank Caughy, of Edgerton, spent Friday here. Eagle creamery paid an average price of 85 cents per cwt. for December milk, although some of its patrons received as high as \$1.01. N. H. Casey, of Janesville, was through here last week looking at tobacco. The crops he purchased in this vicinity were J. Nichols at 5 cents, W. Nichols at 5 cents, D. M. McCarthy at 6 cents, 10 per cent. of each crop goes at 2 cents, Frank Sayre Sr. gave a very instructive and enjoyable entertainment at the Eagle school house on Monday evening.

Lima Center. Jan. 24.—Mrs. H. Jones and family spent last Friday, Mrs. Jones's birthday in Whitewater with her parents, Mr. and Mrs. S. Bullock. Mr. and Mrs. Ora Truman are on the sick list. Mr. and William Truman went to Milton Junction, Sunday to see their nephew, Mr. Brant, who has had a stroke of paralysis. Mrs. H. Jones went to Whitewater, Monday, to take in the concert there in evening. Rev. F. B. Sherwin was unable to preach Sunday afternoon on account of sickness, and his brother from Minnesota preached for him. Those who had the pleasure of listening to him will long remember the speaker and will benefit by the practical thoughts suggested. Mr. and Mrs. Willard Austin are rejoicing over the advent of son born to them Jan. 20. Remember tonight, Wednesday, Jan. 25 in the M. E. church by Rev. Enoch Perry, of Whitewater, subject, "The Battle of Gettysburg."

The Gold That Glitters.

DO RICHES MAKE HAPPINESS, OR DOES HEALTH MAKE WEALTH?

The richest man cannot always be said to be the most successful, for true success is not possible without happiness. Many a wealthy man would give all he now possesses to have the health and happiness of a young athlete. Health is not hard to get and keep if good judgment is used in caring for and supplying the needs of the system. Nature often needs assistance; you sometimes abuse nature by overtaxing your nerves, your brain, or your body, and you haven't time to relax, and take the rest that you need. You must have outside help. Pabst Malt Extract, The "Best" Tonic, will supply the extra fuel, food, and strength; it is absolutely pure—an unequalled assistant to nature in giving health, vitality and strength. It will make you eat and sleep well, and cause you to feel like yourself again, or perhaps, better than you ever felt in your life. The "Best" Tonic was awarded the 100 points of perfection at the World's Fair, and was the only Malt Extract which received that honor. Your nearest druggists carry Pabst Malt Extract, The "Best" Tonic in stock.

Nervous Dyspepsia

To Gain Flesh, to Sleep Well, to Know
What Appetite and Good
Digestion Mean.

MAKE A TEST OF STUART'S DYSPEPSIA TABLETS.

No trouble is more common or more misunderstood than nervous dyspepsia. People having it think their nerves are to blame and are surprised that they are not cured by nerve medicines. The real seat of the mischief is lost sight of. The stomach is the organ to be looked after.

Nervous dyspeptics often do not have any pain whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach so much as in nearly every organ. In some cases the heart palpitates and is irregular; in others the kidneys are affected; in others the bowels are constipated, with headaches; still others are

PROF. HENRY W. BECKER, A. M.
troubled with loss of flesh and appetite with accumulations of gas, sour risings and heartburn.

It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of the stomach. They cure sour stomach, gas, loss of flesh and appetite, sleeplessness, palpitation, heartburn, constipation and headache.

Send for valuable little book on stomach disease by addressing E. A. Stuart Co., Marshall, Mich. All drug stores sell full-sized packages at 50 cents. Prof. Henry W. Becker, A. M., the well known religious worker and writer of St. Louis.

Secretary of the Mission Board of the German Methodist church. Chief Clerk and Expert Accountant for the Harbor and Water Commission. Public Secretary for the St. Louis School Patrons' Association, and the District Conference of Stewards of the M. E. church; also taking an active part in the work of the Epworth League, and to write on religious and educational topics for several magazines. How he found relief is best told in his own words:

"Some weeks ago my brother heard me say something about indigestion, and taking a box from his pocket said 'Try Stuart's Tablets.' I did, and was promptly relieved. Then I investigated the nature of the tablets and became satisfied that they were made of just the right things and in just the right proportions to aid in the assimilation of food. I heartily endorse them in all respects, and I keep them constantly on hand."

How the Prevent Pneumonia.

You are perhaps aware that pneumonia always results from a cold or from an attack of the grippe. During the epidemic of the grippe a few years ago when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used. It counteracts any tendency of a cold or a grippe to result in that dangerous disease. It is the best remedy in the world for bad colds or the grippe. Every bottle warranted. For sale by Peoples' Drug Co., corner Main and Milwaukee streets.

What Do the Children Drink?

Don't give them tea or coffee. Have you tried the new food drink called Grain-O? It is delicious and nourishing and takes the place of coffee. It is made of pure grains, and the more health you distribute through their systems. Grain-O is made of pure grains, and is properly prepared tastes like the choice grades of coffee but costs about 14 as much. All grocers sell it. 15 and 25c.

MINERS AND OPERATORS AGREE

Chicago Agreement to Remain in Force
—Arbitration Provided.

Pittsburg, Pa., Jan. 25.—The joint convention of coal miners and operators adjourned at 9 o'clock last night, after having adjusted harmoniously all existing differences. The Chicago agreement of last year remains in force in the four competitive states, Illinois, Indiana, Ohio and Pennsylvania, except that in Illinois the run-of-mine, or gross-weight, system alone prevails, and the operators there have agreed to arbitrate the question "whether or not the various districts of Illinois are entitled to any reduction in Springfield pick and machine-mining differentials, as against Danville, the basing rate, and, if so, how much." This is to be done in case the question cannot be adjusted at the Illinois state convention. The joint convention agreed to the formation of a national committee of adjudication, to which all questions of interpretation of the Chicago agreement and all differences arising between the operators and miners should be referred.

CARRIED OFF BY A CYCLONE.

Louisiana Man Lifted a Furlong on the Storm's Wings.

New Orleans, La., Jan. 25.—A cyclone passed about three miles from Plaquemine last night and destroyed much property in the vicinity. The residence of Mrs. Melancon, on Evergreen plantation, was demolished and the sugar-house blown down. It took a southerly direction, striking the little settlement of Rivettown, where a number of houses were blown down. The store of Cointment & Pope, in the track of the cyclone, was lifted from its foundation and completely wrecked. Delma Cointment, one of the proprietors, was lifted up by the wind and carried a distance of an eighth of a mile, where he was picked up unconscious.

Ask \$1,000,000 Indemnity.

Bismarck, N. D., Jan. 25.—Chiefs of the Mandan, Gros Ventre and Arickaree Indian tribes are presenting claims to an immense section of land extending from Little Hart river, near the present site of Mandan, west to the head of the Little Missouri, thence to Powder river, along the Yellowstone, north to the Canadian boundary, west to White Earth, and the vicinity of the present site of Minot, thence south to Bismarck, including the towns of Bismarck, Mandan and Minot, a score of other towns, besides thousands of acres of grazing and agricultural lands. They claim the reservation was never transferred to the government and ask \$1,000,000 indemnity. The party hoped to see Senator McCumber, but he is absent. They laid the claims before the land commissioners.

Harrisburg, Pa., Jan. 25.—The anti-Quay republicans held a caucus yesterday afternoon and listened to addresses by John Wanamaker, former Congressman Huff and Congressman Dazell. Mr. Wanamaker declared the opposition to Quay is irresistible, supported as it is by the people of the state. Every possible effort is being made, he said, to re-elect Senator Quay by democratic votes.

STATEMENT BY GEN. WHEELER

Defends His Right to Hold a Seat in Congress.

Washington, Jan. 25.—The inquiry ordered by the House of Representatives as to what members were holding outside offices—originally intended to determine the status of Major General Wheeler and other members of the army—was begun today by the committee on judiciary. The inquiry was public, and besides the members of the committee there were present General Wheeler, who made a full formal presentation of his views, holding that he was entitled to sit as a member of the House while serving as a volunteer; Representative Hitt of Illinois, a member of the Hawaiian commission; Representative Moody of Massachusetts, a member of the postal commission, and Representative Otjen of Wisconsin, a member of the industrial commission, and Representative Gardner of New Jersey, a member of the industrial commission, submitted a brief as to the right of members on that commission to hold their places. Representative Bailey of Texas, who inaugurated the inquiry, was not present. The main interest attached to the statement of General Wheeler, which was formally prepared.

FOUR HUNDRED MEN SLAIN.

Equador Rebels Defeated by the Government Forces.

Guayaquil, Jan. 25.—A sanguinary battle took place on Sunday between the revolutionists and the government forces at San Ancaja. The fighting was desperate all day, the advantage remaining with the government's army. The losses on both sides were heavy. More than 400 men were killed and 300 were wounded. Four hundred insurgents were taken prisoners. The rest of the defeated rebels fled toward the province of Bolivar, hotly pursued by the victorious troops of President Alfaro.

State Help for Drunkards.

Topeka, Kas., Jan. 25.—Senator Sheldon would have the state help to cure penniless drunkards. A bill introduced by him yesterday provides that habitual drunkards "who have no money and lack will power sufficient to break off the habit of drink" may take the Keeley cure at the expense of the county or of the state. The measure provides that inebriates may expend \$100 for the cure, including board and other expenses, the funds to be furnished by the county commissioners upon authority from the judge of the probate court.

Mrs. Rosenberger Is Guilty.

Princeton, Ind., Jan. 25.—For having attempted to kill her young son, Alva, by poison, in order to secure the insurance upon his life, Mrs. Rebecca Rosenberger will spend seven years in the Indiana state reformatory. The case ended Saturday. Tuesday the jury returned a verdict of guilty. Judge Welborn at once passed sentence upon the prisoner, who remained calm and declared that her conviction was a miscarriage of justice.

Senator Stewart Re-elected.

Carson, Nev., Jan. 25.—William M. Stewart was practically elected yesterday to succeed himself in the United States senate for the next six years. He received twenty-four votes in both branches of the legislature, or one more than a majority on joint ballot. Congressman Newlands was not even placed in nomination, and the widely heralded opposition fairly collapsed.

ELECT A SENATOR.

The senatorial deadlock should be broken. Five candidates are in the field, and none of them have votes enough to nominate. Hence, until a break is made, none of them can be chosen. The break must be made sooner or later, and the sooner it is made, the better. The supporters of any or all of the candidates are now freed from personal obligation. They all realize that their particular choice cannot be the choice of the legislature until the "other fellows" come to them. Then what is to be done? Just one thing—break the deadlock. The supporters of Mr. Quarles scorn the idea of changing—but so do the supporters of Messrs. Stephenson, Cook, Babcock and Webb. The Quarles men denounce any of their fellows who vote for any one else—and so do the Stephenson men, the Cook men, the Babcock men, and the Webb men. The thing is as broad as it is long. Only one of the five men can be elected, and as long as the present obstinacy is shown, none of them can be elected.

The members of the legislature should take the common sense view of the situation. Four men must be defeated and one elected. The fact will be as evident after two weeks more of balloting as it is today. The inevitable result of the deadlock is bitterness and ill feeling, and the longer the trouble brews, the more bitter it naturally becomes.

The people of this section of the state favor Mr. Quarles, and hope for his election, but he cannot be elected while the deadlock continues. Therefore, to break the deadlock will be a move in his interest as much as in the interest of any other candidate. If Mr. Quarles cannot get the few votes necessary to elect him, there is no use concealing the fact any longer, and the same reasoning applies to all the others. Therefore, it is better to break the bonds today. There is no use of beating about the bush. A fact confronts us, not a theory. Saying white is black does not change the color. Stop filibustering and calling names and elect a senator!

The Cubans are coming to the front now that they have a chance to show what they are made of. Gen. Wood speaks well of the native office-holders whom he has appointed at Santiago. He says the people are cheerful and contented and that everything is as quiet as in a New England village.

The St. Louis Globe Democrat says: "A senatorial candidate in the east accused of buying newspaper influence says the only papers worth buying are those that can be bought. The remark shows a sound grasp of the subject."

The Ashtand Daily Press says that a number of the legislators at Madison swear that they will never leave their candidate for the senate until he releases them. They seem to forget that they represent not the wishes and ambitions of any candidate, but a constituency which elected them.

The war correspondents are worrying a good deal about the future of the Philippines, yet Gen. Whittier, who returned recently from Manila, says the trouble is much exaggerated and easy of settlement.

The Farmers' Club, of San Jose, Cal., is forming an association to control the dried prune trade of the Pacific slope.

Deserved Rebuke.

A story is told of the way in which a Massachusetts clergyman, long ago dead, once reproved a young man in words both apt and stinging. The young man, with a heartlessness which nothing could excuse, whispered to a friend a comment upon a poor cripple. "You'll find his case in the Bible," he whispered, none too softly. "In the twenty-sixth chapter of Proverbs it says, 'The legs of the lame are not equal.' The clergyman heard, and bending the gaze of a pair of piercing eyes upon the whisperer, he said clearly, 'You would do well to remember the last clause of that same verse, young man, it reads, 'So is a parable in the mouth of fools.'"

SECRETS OF THE HAREM.

An interesting illustrated article in the November number of Pearson's Magazine initiates the reader into some secrets of the harem which have hitherto escaped the notice of tourists. Mrs. Herbert Vivian has had opportunities of visiting a harem in one of the most exclusive households in Tunis, and her experiences form interesting reading. Referring to the Arab lady's life in the harem, Mrs. Vivian says:

"A rich Arab's wife leads a very lazy sort of life. She has absolutely no education, and leaves the management of her house to servants, though it sometimes amuses her to do a little cooking. Her day is usually taken up with bathing, dressing and sleeping. There are bands of nannies, who go round the harems, dancing and playing on two-stringed violins, tambourines and castanets, or singing in harsh, cracked voices. Some of these nannies are very lively and entertaining and are in great request as story-tellers."

"A great Arab lady is never allowed to see a man if it is possible to avoid it, or rather, he is not allowed to see her, for she manages to catch sight of people, even through her double lattices of wood and iron. Her brother may only visit her with her husband's permission. When she is ill, and it is absolutely imperative that a doctor should be sent for, great are the preparations. A servant has to be in attendance and hides her completely under the bed clothes."

"Supposing that her pulse has to be felt, then the servant covers her hand and arm so carefully that only the wrist is visible. If she hurts her back, a hole is made in the sheets so that the doctor may just be able to examine the injured place. If he insists on seeing her tongue, the precautions are still more elaborate, and the attendant covers her face with both hands, just leaving room between the fingers that she may put out her tongue."

"We may come away from harems with sentiments of pity for the prisoners, but they themselves are quite content. Strangely enough, it is the women who are most against any reform. They look on European women with amazement, sometimes with horror, and I think it will be long before the 'New Woman' makes her appearance in Tunisian harems."

Not So Easy to Cheat Him.
The Indian is improvident, but he is keen enough at a bargain. An anecdote told of Joseph Rolette, a famous trader of Prairie du Chien, well illustrates the point. The story is told in "Leading Events in Wisconsin History." A lady who visited Prairie du Chien in the early days of the territory remarked to Mr. Rolette: "O Mr. Rolette, I would not be engaged in the Indian trade; it seems to me a system of cheating the poor savages." "Let me tell you, madame," replied he, with great naivete, "it is not so easy to cheat the Indians as you imagine. I have tried it these twenty years, and have never succeeded."

KAVALEGE WAS HIGHLY ESTEEMED

FOR MANY YEARS HE RESIDED
IN MILWAUKEE.

While There He Was Much Thought
of By the Members of the Bench and
Bar—His Family Connections Were
Excellent, and His Rash Act Is
Deeply Regretted.

In speaking of Albert Kavalege, whose tragic death was recorded in yesterday's Gazette, the Milwaukee Sentinel says:

Albert Kavalege, the court reporter who committed suicide in a tragic manner in Janesville yesterday, was well known in Milwaukee, where for years he followed his profession, and where his mother and two brothers still reside. He was born in New York city, and he reached his 50th birthday on the tenth of this month. When he was but 2 years of age, his parents moved to Milwaukee, and Mr. Kavalege received his early education in this city. He attended the German-English academy, and later secured a position as clerk with the law firm of Smith & Solomon. Judge Emil Wallber held a similar position with the firm at the same time.

In 1874, Mr. Kavalege entered the University of Michigan, where he completed both the classical course and a special course in law. After being admitted to the Michigan bar, he returned to Milwaukee, and for two years was in the office of Chief Justice E. O. Ryan. He then formed a partnership with Richard Burke, and for six years they carried on a general shorthand business together. At the end of that time he became the official court reporter of the circuit now comprising Rock, Green and Jefferson counties, while Judge Conger was on the bench. He continued that position after Judge Bennett succeeded to the bench, and held it up to the present time. He was recognized as one of the best court reporters in Wisconsin.

In 1882, Mr. Kavalege married Miss Allen of Janesville. Four children were born; three of whom survive, the oldest being fourteen years of age. The death of a little daughter, five years ago, was a great blow to the father, and at times he was greatly depressed on that account. In addition to his wife and children, Mr. Kavalege leaves a mother and two brothers, all living in this city. The brothers are C. H. Kavalege of 355 Cass street, and J. B. Kavalege of 2424 Cedar street, the mother making her home with the former.

In speaking of Albert Kavalege, Richard Burke, who has been his life-long friend, said last evening: "He was one of the ablest men in the state, but at the same time marvelously modest and unassuming. So marked indeed was this latter characteristic, that he always shrank from any publicity whatever, and held many of his powers in reserve. To lead a quiet life, without contention, was all he asked for, and he had no desire at all to have his mental abilities known. He was peculiarly literary, and of a decidedly studious turn of mind. There were few as well posted on the works of Herbert Spencer, of whose philosophy he made a special study. Whatever he undertook, he made a thorough study of, and he was an adept in many lines. In checkers, chess and whist he took a special delight, and he had few equals in the city. When a young man, he and Charles Norris were considered the best billiard players in Milwaukee. He was celebrated for his wit, which was of a peculiarly dry kind, and I think in many respects he had the keenest sense of humor that I have ever experienced. In disposition, he was always calm and untroubled, and during the years that I was intimately connected with him, we never had a hasty word. He was found of home life, and greatly attached to his family. Whenever he came to Milwaukee, which was frequent, owing to certain property which he had in the city, he never failed to call on me, and he was always quite confidential. He was here last Thursday, and at that time appeared somewhat excited, a fact which I attributed to the grip. He must have been insane when he took his own life. I know that he was greatly esteemed in Janesville, where he has held a high social position; while in Milwaukee he had countless friends who pained to hear of his sad death."

Funeral services conducted by Rev. A. H. Barrington, of Christ Episcopal church will be held from the South Third street home tomorrow afternoon at 2 o'clock. Friends of the family are invited. The interment will be held in Oak Hill cemetery.

Bar Meeting.

There will be a meeting of the Rock County Bar association at the office of the clerk of the court, at the court house, at 1:30 p. m. tomorrow (Thursday) to take proper action in regard to the funeral of the late Albert Kavalege. Members will please, attend prepared to go to the funeral from the place of meeting.

Wm. Smith, President.

Mrs. Lucretia Paul.

The obsequies of the late Mrs. Lucretia Paul took place from the family residence, No. 56 Rock street, yesterday afternoon, Rev. R. C. Denison officiating. The attendance was large, and the floral tributes were many and elegant. The remains were laid to rest in Oak Hill cemetery beside those of her husband. The pall bearers were: Charles B. Conrad, Stanley B. Smith, Benjamin F. Dunwiddie, Archie Reid, S. C. Burnham and John Plowright.

Genevieve Britt.

Mr. and Mrs. Frank C. Britt are deeply afflicted in the death of their baby girl, little Genevieve, who died at 8:45 o'clock last night, after a two

weeks' illness, aged two months and five days.

The funeral will take place from St. Mary's church on Thursday at 2:30 p. m.

Mark Honeysett.

The funeral of the late Mark Honeysett was held from the house, 653 Pleasant street, this morning at 10 o'clock. Rev. E. H. Pence officiated and the interment was in the cemetery at Center.

VILLAGE SMITH ALLEGED INSANE

MILES HULBERT IS PLACED UNDER ARREST.

Deputy Cochran Will Bring the Unfortunate Man Here This Evening—Has Been a Blacksmith in Rock County Since 1863—Whisky Caused Downfall.

Miles Hulbert, who since 1863 has been the village blacksmith at Johnstown, and who is well known all over Rock county, is alleged to have gone insane on account of excessive drinking. Deputy Wallace Cochran left Janesville this afternoon for Whitewater for the purpose of placing Hulbert under arrest and bringing him here this evening. On his arrival the unfortunate man will be placed in Sheriff Appleby's care at the jail, and will then be examined by physicians, who will in all probability pronounce him insane and recommend his being taken to the state hospital for the insane at Mendota for treatment.

At the breaking out of the civil war Hulbert arrived in Rock county, coming directly west from Connecticut.

After looking about for a suitable location he settled in Johnstown, and opened up a first class blacksmith shop. His always cheerful disposition and open-hearted policy made for him warm friends by the score, who made it a special point to give him whatever work they needed done. His business soon grew to such large proportions that he was obliged to add help.

Hulbert married, but his wife died, leaving him with three sons. The demise of his wife preyed on his mind for some time, and he frequently spoke of her. Later in years he began to drink, and on coming to Janesville of late seldom departed for home in a sober condition.

He generally took home liquor with him and of late has been out of his right mind. This week he suddenly left home and wandered to Whitewater, where he was detained by friends, who notified his son at Johnstown.

Mr. Hulbert is about sixty years of age, and is well known in this city, where he did his trading. When intoxicated he was seldom quarrelsome, and always went about his business. On account of his excessive drinking he has lost most of his business of late. He is a man of considerable means.

FINNEGAN'S FOUR HUNDRED

A Breezy Irish Farce Comedy at the Opera House Tonight.

"Finnegan's 400," an Irish comedy, will be presented at the Myers Grand this evening by the Murray & Mack company. The play is represented to be one of the funniest on the road, and free from any of the objectionable features that mar so many of the farces on the

road. The actors have all been carefully selected for the roles they are to fill. If their faces and manner, as they were seen on the streets and in the hotels to-day, are any indication of their capacity it is safe to say that the performance will be bright and breezy, and free from anything that is calculated to offend even the most fastidious. The reputation of the company as well as of the play is first class, and there ought to be a large attendance.

MISSIONARY LADIES MEET

Mrs. W. S. Jeffris Was the Hostess This Afternoon

A goodly number responded, and the afternoon was profitably spent both in a social and business way, an interesting program being carried out.

The good work that is carried on each year by the missionary societies of Janesville is a credit to the city, and these ladies in their efforts should receive the hearty support of all in a cause that is pure and noble.

HURT WHILE LEADING HORSE C. N. LIPPITT WAS HEAVILY FINED

PAYS ROCK COUNTY FOUR HUNDRED DOLLARS.

Beloit Man Pleaded Guilty to the Charge of Keeping a Disorderly House in the Line City—His Wife Will Stand Trial On the Same Charge.

In the municipal court this morning, C. N. Lippitt pleaded guilty to the charge of keeping a disorderly house in the city of Beloit. Judge Fifield then imposed a fine of \$400 and costs, or a total of \$452.05. The defendant pulled from his inside pocket a check book, and coolly wrote a check for the necessary amount, which he presented to the court as payment. Mrs. Kate Lippitt, wife of the defendant, was also an interested party to the complaint, but she pleaded not guilty, and the court continued her case till February 25 at 10 o'clock. Mrs. Lippitt furnished \$600 bail, and was released.

According to the police of Beloit Mr. and Mrs. Lippitt have not borne the best kind of a reputation while residing in the Line City, and several times have the police called them to account for their wrong doings. Marshal Appleby recently placed Mr. and Mrs. Lippitt under arrest, charging them with keeping a house of ill fame. At the time of their arrest several inmates were found in the house, and they are now serving sentences in the Rock county bastille.

Mr. and Mrs. Lippitt, when taken before Justice Booth at Beloit, pleaded not guilty, and hired as counsel Smith & Pierce, of this city. When the case was called this morning May Garland, Blanche Stevens and Scott Garland, inmates of the Lippitt home, who are now serving time here in jail, were on hand as witnesses, but their services were not needed, as Mr. Lippitt pleaded guilty and his wife's case was continued. Mr. Lippitt was allowed by the court to plead guilty to the charge of keeping a disorderly house and not one of ill fame, the latter charge carrying with it a state prison sentence of from one to five years.

THE Secret of Napoleon's Success.

Napoleon once said: "The time to conquer is now—never wait," and he always conquered because he always struck at once for victory. The person who is sick or out of health should always seek at once the right physician and treatment for immediate cure. The right physician to consult is an eminent specialist of world-wide fame and largest experience in curing nervous, chronic or lingering complaints, like Dr. Greene, of 148 State street, Chicago, Ill., who in his vast experience cures thousands of cases just like yours. And the right treatment to take is that which surely cures and at the same time is purely vegetable and perfectly harmless, like Dr. Greene's wonderful treatment by harmless vegetable remedies. One of his great discoveries, known as Dr. Greene's Nervura blood and nerve remedy, is known and used all over the world, but he has discovered equally valuable cures for all phases of disease. Notwithstanding the fact that Dr. Greene has the largest practice and a greater success in curing disease than any other physician, he can be consulted by the people absolutely without charge, whether you write or call. If you want to be cured, if you want to know what your trouble is, do not wait, but write about your case at once to this most successful of physicians and get his advice and counsel free. Follow the maxim of Napoleon and conquer your disease now—do not wait until it may be too late.

Old Places to Hide Money.

The old adage that a woman's pocket has to be rediscovered every time she puts on her gown is true as well of the peculiar hiding places women connect for the careful preserving of their worldly jewels and wealth. The old stocking was the treasure vault of our ancestors, but there are many other methods of storing away money as amusing as the stocking habit, and in the days, too, of banks and burglar-proof safes. It was only the other day I read of a woman who used the big clock as a hiding place, and in it she had the savings of years. In an unguarded moment she told of it, and two hours later discovered her loss. Even then I do not seriously believe that she took that lesson to heart; in fact, I am inclined to the belief that she hunted up a new hiding place, losing her faith in the clock, but not in the principle which made her select such a repository.

Honesty Rewarded.

Mr. Hayricks—Why did you feed that there ugly lookin' tramp I just seen goin' out the front gate? He was takin' away enough stuff to last him a week. Mrs. Hayricks—Silas, I done it because I knowed he was an honest man. Mr. Hayricks—Huh! Much you kin depend on the words of them fellers. What made you think he was honest? Mrs. Hayricks—He didn't purtend that he was one of the heroes of Santiago.

BOTTLE UP PAIN

WAR TO BE DECLARED.

Filipinos Deliver an Ultimatum to America.

GERMANY MAY AID AGUINALDO.

Breach of Friendly Relations Is Followed by the Refusal—Otis Reports Danger of Attack on Philippine Capital—President Alarmed Over the Situation.

Washington, Jan. 25.—Mr. Lopez, secretary to Agoncillo, representative at this capital of Aguinaldo, called at the state department yesterday afternoon and delivered to Secretary Hay the ultimatum recently forwarded by the Filipino chief.

It is stated in the communication that unless this government recognizes Agoncillo within ten days as the Philippine minister to the United States, Aguinaldo will break off diplomatic and friendly relations between the Philippines and this country. It is safe to say that Agoncillo will not be given the recognition he desires and it is probable that the so-called Philippine republic will soon declare war against the United States.

This is the third attempt made by the Filipino representative to secure official recognition from the United States government. Secretary Hay, at the time the communication was presented, was attending a meeting of the cabinet at the white house, so all Chief Clerk Michael could do under the circumstances was to receive the paper as he would any other handed in to him.

Advices received at the war department from Gen. Otis are that a conflict is imminent between the insurgents and the United States troops.

Gen. Otis reports that the insurgents are preparing to attack Manila, but he thinks the forces under his command, reinforced as they will be by the guns of Admiral Dewey's warships, will be able to repel the assault.

Great anxiety about the situation in the Philippines is admitted at the war department and it is known to be shared by the white house, and in spite of the effort to put the best face possible on the difficulties it is evident that the president and his advisers are deeply concerned about the outcome.

So persistent has been the resistance to the assumption of control by the American forces that the war department people are sure that influences have been exerted from Europe, and perhaps from Washington, to arouse the natives to further and continued resistance.

Gen. Otis is so sure of his ground that the officials here feel no doubt as to the outcome of a hostile collision between the Americans and the insurgent forces under Aguinaldo, particularly as Gen. Otis would have the enormous advantage of the full co-operation of the American fleet.

The president is said to particularly desire that even a battle ending in victory be avoided just now, for he has by no means surrendered his conviction that the Filipinos can be brought to an understanding of the real objects of the United States and peacefully accept the conditions sought to be imposed.

While the warlike attitude of Aguinaldo excites alarm at the war department, that is not considered the most serious feature of the situation. Those in a position to know the facts say the diplomatic situation is even more grave. Either Germany or Spain, or both, may recognize Aguinaldo's little republic for interested motives, Germany to secure a foothold and Spain to accomplish the release of its prisoners of war.

This action is imminent, and government officials say they would not be surprised if it took place within twenty-four hours. Prompt ratification of the treaty would have avoided this entanglement, but it is conceded now that both Spain and Germany have some grounds for action to protect their own interests, and it is seriously feared they will improve the opportunity to make trouble between the United States and Aguinaldo.

Spain Hears That War Is On. Madrid, Jan. 25.—A dispatch from Hongkong to the Reforma of this city says a letter received from the Philippine islands, under date of Jan. 20, announces that the rupture between the Filipinos and the Americans is an accomplished fact and that the lives of the Spaniards in the archipelago are endangered. The minister of war, Gen.

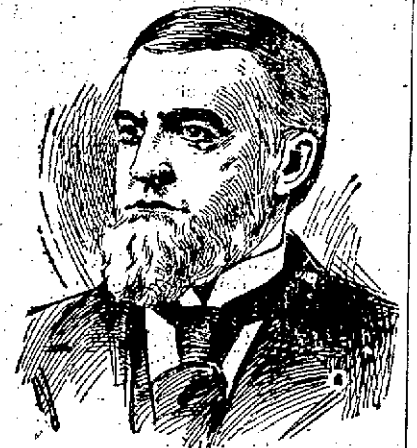

Coffea, received a cable dispatch from Gen. Rios, the Spanish commander in the Philippines, announcing that all the sick and maimed civil and military prisoners were released by the Filipinos. The general added that he hopes the remainder of the prisoners will be liberated shortly.

"La Grippe Successfully Treated." "I have just recovered from the second attack of la grippe this year," says Mr. Jas. A. Jones, publisher of the Leader, Mexico, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days, against ten days by the former attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy as I had to go to bed in about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting down." For sale by Peoples' Drug Co., corner Main and Milwaukee streets.

No Break in Wisconsin. Madison, Wis., Jan. 25.—The deadlock in the republican legislature caucus shows no sign of breaking. Twenty more ballots were taken yesterday and only one vote changed, and that was the return to his original of a member who had voted for another candidate, he says, for a change.

MANUFACTURERS OF AMERICA. They Will Have President McKinley as Their Guest of Honor. Cincinnati, O., Jan. 25.—The National Association of Manufacturers, the most important industrial organization in America, convened here to-day, and is attended not alone by the leading business men of the country, but by

THEODORE C. SEARCH, the president of the United States, who will speak at the banquet on Jan. 26. The subject will be "American Trade," and it is expected that much of the discourse will be immediately pertinent to territorial expansion and its important influence on commerce.

This will be the fourth annual convention of the national organization. Proceedings will open in Odd Fellows' Temple this morning, when Cincinnati will extend greeting to the guests, and President Search of the association will make his annual address. The standing committee will report Tuesday, and on the following day the report of the committee on resolutions will be received and considered.

SECRETARY WILSON. The election of officers will take place Thursday, and with President McKinley's address that evening the annual sessions of the captains of American industries will come to a close. The secretary, Mr. Wilson, of Cincinnati, is of course slated to succeed himself. The president, Mr. Search, is a Philadelphia manufacturer.

France's Electric Railroads. Germany heads the list of European countries in the mileage of its electrical street railways. France ranks second and is making rapid strides toward first honors. In 1897 it added 117 kilometres (about eighty-three miles) to its equipment; the addition in twelve months almost equals the entire extent of electrical railroads in England. The French electrical lines are operated by 193 companies. Of these 172 used overhead trolley wires, eight have adopted underground conductors and thirteen prefer accumulators.

Gold in Rock River Valley. Rockford, Ill., Jan. 25.—C. E. Cooper, while drilling a well at Rockton, this county, at a depth of 130 feet struck an alluvial deposit of iron clay that contains gold in considerable quantity. This deposit is the drift of the Rock River valley and covers a large area. Rockford chemists are now investigating the richness of the dirt.

May Drop the Spanish Bank.

Washington, Jan. 25.—The protest against the continuation of the Spanish bank at Havana as a medium for tax collection was thoroughly discussed at the cabinet meeting yesterday, and Gen. Brooke's statements of objection carried conviction into the minds of the cabinet officers, although no final action was taken.

SINGULAR STATEMENT.

From Mrs. Rank to Mrs. Pinkham.

The following letter to Mrs. Pinkham from Mrs. M. RANK, No. 2,354 East Susquehanna Ave., Philadelphia, Pa., is a remarkable statement of relief from utter discouragement. She says:

"I never can find words with which to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me. Some years ago I had womb trouble and doctored for a long time, not seeing any improvement. At times I would feel well enough, and other times was miserable. So it went on until last October, I felt something terrible creeping over me, I knew not what, but kept getting worse. I can hardly explain my feelings at that time. I was so depressed in spirits that I did not wish to live, although I had everything to live for. Had hysteria, was very nervous; could not sleep and was not safe to be left alone."

"Indeed, I thought I would lose my mind. No one knows what I endured. I continued this way until the last of February, when I saw in a paper a testimonial of a lady whose case was similar to mine, and who had been cured by Lydia E. Pinkham's Vegetable Compound. I determined to try it, and felt better after the first dose. I continued taking it, and to-day am a well woman, and can say from my heart, 'Thank God for such a medicine.'"

Mrs. Pinkham invites all suffering women to write to her at Lynn, Mass., for advice. All such letters are seen and answered by women only.

A Word About Ranges

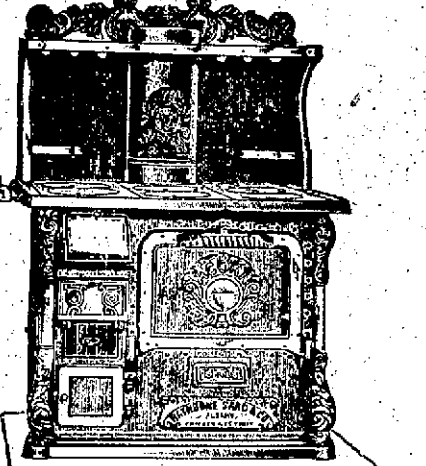

The kitchen that has not a first-class good range is certainly incomplete and the work of the housewife is made much more difficult.

The J. well Cast range

Has a steel oven. Its wonderful heating and baking qualities place it far in advance of all other cast ranges. It is absolutely guaranteed to bake biscuit in twelve minutes from the time the fire is started and will do all its work in the same proportionate time. We have never yet failed to please any person on these Ranges.

Acorn steel ranges

Are made from Bessimer steel, the best materials for stove use known to stove manufacturers. There are more good points combined in Acorn Steel Ranges than any other stove of its class. We have just received a new lot of Ranges.

...LATE NEWS BY TELEGRAPH...

IS A QUESTION OF POLICY.

Senator Lodge Says People Are Greater Than Constitution.

TREATY SHOULD BE RATIFIED.

Time Enough Then to Consider What Is Best to Be Done for the Government of Philippines—Fear for the Hawaiian Bill.

Washington, Jan. 25.—At the conclusion of routine business in the senate today Senator Lodge was recognized to deliver his announced speech upon the policy of expansion. Senator Lodge's position on the foreign relations committee and his well-known antagonism to the views entertained by his distinguished colleague, Senator Hoar, aroused unusual interest in his address. He spoke in part as follows:

"My own views as to our constitutional rights and powers are simple and well defined. I believe that the United States has the undoubted power, which it has frequently exercised, to acquire territory, and to hold and govern it. I am ready to admit, if necessary, that action in these directions must be taken for constitutional purposes, but the constitutionality of the purposes must be determined by congress itself through its majority. I believe that the power of the United States in any territory or possession outside the limits of the states themselves, is absolute, with the single exception of the limitation placed upon such outside possessions by the thirteenth amendment.

"Constitutions do not make people; people make constitutions. There is a higher sanction and a surer protection in the traditions, the beliefs, the habits of mind and the character of the American people than any which can be afforded by any constitution, no matter how wisely drawn. If the American people were disposed to tyrannize, injustice and oppression, a constitution would offer but a temporary barrier to their ambition, and the reverence for the constitution and for law and justice grows out of the fact that the American people believe in freedom and humanity, in equal justice to all men, and in equal rights before the law, and while they so believe the great doctrines of the declaration of independence and of the constitution will never be in peril.

"The president cannot be sent back across the Atlantic in the person of his commissioners; hat in hand, to say to Spain with bated breath: 'I am here in obedience to the mandate of a minority of one-third of the senate to tell you that we have been too victorious, and that you have yielded us too much and that I am very sorry that I took the Philippines from you. I do not think any American president would do that, or that any American would wish him to. Still less do I think that any American would withdraw Gen. Otis and his soldiers and recall Admiral Dewey from the scene of his great victory, leaving it to be said of us that we had deserted our post without an effort to repair the ruin we have made or to save the people we have freed.

"If I did not have faith in the American people and their government, I would do my best to prevent the ratification of the treaty, and I can see no other ground of opposition. But as I have profound faith in both, I want to take those islands from Spain in the only way which it can be done, by the ratification of the treaty, and then leave it to the president—wise, humane, patriotic—to the American congress and to the American people to deal with them in that spirit of justice, humanity and liberty which has made us all that we are today or can ever hope to be."

FEAR FOR HAWAIIAN BILL.

Its Supporters Say Nonaction Will Raise Perplexing Condition.

Washington, Jan. 25.—The supporters in the senate of the general bill for the government of the Hawaiian islands are growing somewhat anxious over the prospect. In view of the

crowded condition of the calendar and the apparent indifference toward Hawaiian legislation, they express a fear that the bill may not receive attention before adjournment, and say that if it does not there will be a most perplexing condition of affairs in the islands, which became a part of the union by the adoption of the Newlands resolution.

Gulf Stream Carried Her In.
Miami, Fla., Jan. 24.—The richly dressed body of a young woman, probably that of one of the party lost in the wreck of the naphtha launch Paul Jones, was found by Captain T. M. Rickard about 10 o'clock Sunday morning at Boca Raton. The gulf stream swings in close to the shore at that point. The dress is of soft woolen material with narrow stripes, gray, red and black; the jacket is striped in blue and purple. The undershirt was of red flannel, the stockings black and the boots laced.

Mr. S. A. Packler, editor of the *Micanopy (Fla.) Hustler*, with his wife and children, suffered terribly from la grippe. One Minute Cough Cure was the only remedy that helped them. It acted quickly. Thousands of others use this remedy as a specific for la grippe, and its exhausting after effects. Never fails. People's Drug Co., corner Main and Milwaukee streets.

The smallest things may exert the greatest influence. De Witt's Little Early Risers are unequalled for overcoming constipation and liver troubles. Small pill, best pill, safe pill. People's Drug Co., corner Main and Milwaukee.

Washington, Jan. 25.—A bill appropriating \$100,000 for the construction of a lighthouse tender for use on Lake Huron, Lake Superior and Lake Michigan was reported favorably to the senate by the committee on commerce.

Horrible agony is caused by Piles, Burns and Skin Diseases. These are immediately relieved and quickly cured by De Witt's Witch Hazel Salve. Beware of worthless imitations. People's Drug Co., corner Main and Milwaukee.

Buttermakers in Session.
Sioux Falls, S. D., Jan. 25.—The national convention of the Creamery Buttermakers was called to order yesterday afternoon. Judge C. S. Palmer delivered the address of welcome in behalf of the state of South Dakota. H. H. Smith welcomed the delegates on behalf of Mayor Lien and the city of Sioux Falls. Judge H. H. Keith delivered an address of welcome as the representative of the local Business Men's league. W. W. Marsh of Waterloo, Iowa, responded for the Buttermakers' association.

Plumbers at Decatur, Ill.

Decatur, Ill., Jan. 25.—The annual state convention of the Illinois Master Plumbers' association began yesterday in Odd Fellows' hall, with 100 delegates present from many of the principal cities of the state, forty being present from Chicago. Mayor Taylor, in his address of welcome, presented President W. W. Murphy with a golden key to the city. H. W. Elwood spoke for the Decatur plumbers and John O'Neill of Chicago gave the response. Routine business engaged attention in the afternoon. A resolution for a uniform contract for the state was adopted.

La grippe is again epidemic. Every precaution should be taken to avoid it. Its specific cure is One Minute Cough Cure. A. J. Shepherd, publisher *Agricultural Journal and Advertiser*, Eldon Mo., says: "No one will be disappointed in using One Minute Cough Cure for la grippe." Pleasant to take. Quick to act. People's Drug Co., corner Main and Milwaukee streets.

Work of the Prison Gen.

New Orleans, La., Jan. 25.—In the prison congress yesterday a paper was read by Dr. Blake of Alabama on separating prisoners afflicted with consumption from other inmates. Mrs. Ellen Johnston, superintendent of prisons for women in Massachusetts, discussed the question of providing separate prisons for women. Mrs. Adine Mitchell of California read a paper on the working of the Whittier reformatory for girls. Miss Thom of Alabama described the results of her efforts to establish and maintain a reformatory for colored persons.

Three Killed in a Collision.

Galena, Ill., Jan. 25.—A fatal head-on collision occurred on the Chicago Great Western railroad at North Hanover, Jo Daviess county, last night, three men being killed and three engines, a dozen cars and the depot destroyed. The dead are: George Thompson, engineer, Waverly, Iowa; Frank Devoren, fireman, Dubuque, Iowa; George Van Derberg, brakeman, Dubuque, Iowa.

Woman Shot by Bandits.

Toledo, Ohio, Jan. 25.—Mrs. Genva Sattler, a widow living near Stony Ridge, Ohio, was perhaps fatally wounded last night by thugs, who had failed in their design of highway robbery. Mrs. Sattler, accompanied by her daughter, Mrs. Mary Burkett, was on her way home from Toledo.

EARTHQUAKE IN MEXICO.

Is Universally Felt Over the Republic.

MANY HOUSES ARE INJURED.

Seismic Disturbances Come in Close Succession and Destroy Many Buildings—Walls Cracked and Broken in the National Palace.

Mexico City, Jan. 25.—In point of duration the severest earthquake ever known in the history of Mexico occurred yesterday afternoon. The movement began in the City of Mexico. The oscillations were from north-east to south-west and lasted one minute and forty-six seconds.

Three minutes later came a companion shock, which lasted five seconds, oscillating northwest and southeast. The movement made a perfect cross.

The earthquake was felt over the entire republic, and it had a general movement from the Pacific to the Atlantic. It reached Colima at seven minutes past 5 o'clock, oscillating from east to west. It lasted one minute and twenty seconds. It reached Vera Cruz eighteen minutes past 5, and the oscillations were from south to north, lasting ten seconds.

Many houses were cracked in this city. Some were entirely ruined. Fully a dozen walls were cracked and broken in the national palace.

A two-foot iron pipe carrying water from Chapultepec to the city was broken in seven places. Intense cold and other phenomena followed.

City of Mexico, Jan. 25.—Several sharp shocks of earthquake were felt today in the valley of Mexico. The first one took place at 5:30 o'clock yesterday morning, the duration, being several seconds, and again at 5:15 in the afternoon came a succession of shocks lasting nearly a minute and producing much alarm. People rushed into the streets and knelt praying, or flocked under the protecting arch of doorways. Customers in shops held on to counters to support themselves, and all the busy life of the great city came to a sudden stop. Many houses were cracked.

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil. Monarch over pain.

Columbus Day in America.

Sioux City, Iowa, Jan. 25.—According to J. B. Browning of Sioux City, of the bureau of awards during the world's fair, the dust of Columbus is in private hands in this country. "One of the best-known collectors of curios in America," he declares, "has the remains. I know him personally, though not at liberty to give his name. He bought them of a Spaniard, who approached him with such a proposition during the world's fair. The price paid was \$5,000. The dust is either in New York or Washington, but my friend did not get the valuable relics which the Spaniards are said to have found missing when they opened the casket on its arrival in Madrid."

NO HUMBUG HERE.

Janesville Endorsement Is What Counts With the Janesville Public.

You can't fool the public all the time. They will find you out at last. Every time a man is fooled another skeptic is made. Many the remedy that makes the skeptic. It fails to keep its promises. Doan's Kidney Pills bring renewed reward. They cure the skeptic. Plenty of proof of this at home. Janesville proofs for Janesville people. Our citizens say they cure backache. Cure urinary disorders. Cure sick kidneys. Experience has taught them this is so. Conviction for every sufferer. In the testimony of friends and neighbors. Read this case: Mr. A. F. Lee, of 51 Sharon St., carpenter, says:

"I can most strongly recommend Doan's Kidney Pills for kidney complaint. I think mine was contracted in the army where I served in Co. D 2nd Wis. Inf. For the last twenty years it troubled me a great deal, many days I could hardly keep my work, and by rights should have had at home and doctored. It was so severe that my back did not ache, and I have been completely laid up for three or four days at a stretch. When stooping or lifting sharp pains penetrated the kidneys, the secretions from those organs were too frequent, and accompanied by pain. I used all kinds of remedies but none gave permanent relief. Obtaining Doan's Kidney Pills at the Janesville Drug Co., I took them, and after the first three or four doses a noticeable change was brought about. I improved steadily from then on and on continuing the treatment I was in good condition and am now well. I do not feel anything of the trouble now and consequently take pleasure in recommending the remedy which did so much for me."

A Successful Sale...

Our first grand Clearance Sale has taken remarkably for the supposedly slack business season of the year. We have turned the dull times into a lively trading season. Goods are being sold at a close margin but we have not been and are not in any way misleading the public as to the actual benefits derived from attending this clearance event. We say we are selling bright, new, desirable merchandise at a low figure and we are carrying out our assertions to the letter. That is why the dull season is an unknown thing here.

The Sale Still Continues With Unabated Vigor.

There are bargains that are true bargains and come by the name correctly in great plenty. You can not afford to miss them.

Dinnerware and Toiletware

Although the crockery trust has bought up all the potteries in the country and advanced prices about 50 per cent, we have not marked our goods one penny higher and during this sale give you 15 per cent off from our regular low prices.
